HARDWARE THE PERFECT FINISHING TOUCH

Perhaps one of the most important elements of your new solid, secure and stylish Endurance Door is the hardware. With several different ranges to choose from, each featuring perfectly matching handles, knockers and letterplates, we're sure you'll find the perfect match for your new door.

Even though hardware is the last thing to be fitted to the door, it's certainly the element which draws the most attention. It's the part of the door we touch and use the most, and can be a real indicator of overall quality.

A STYLE TO SUIT YOUR HOME

Each item in our hardware collection has been handpicked for both style and substance, and whether you have a traditional or contemporary home we're confident you'll find a range to complement it perfectly.

GLAZING DON'T COMPROMISE ON STYLE OR SECURITY

Choosing the glass in your new composite door can be a tricky task; you want something that's both stylish and secure, and with Endurance Doors you really can have both.

All our glass designs are available as either double or triple glazed units, to ensure your door is as secure as it is stylish. This brochure features just a selection of our most popular designs – visit our website to design your door today.

BULLRING KNOCKER

The Heritage bullring knocker is the final finishing touch to an elegant front door, and has the feel of durability and quality.

DOOR HARDWARE

ARCHITECTURAL RANGE

Modern door designs have become increasingly popular in recent years, with hardware following suit. The Architectural range of perfectly suited hardware is ideal for – but not limited to – door designs in the Urban Collection.

HANDLES

Architectural Lever
Lever Handle

This modern lever handle is ideal for contemporary doors, with a perfectly matching letterplate and knocker. The ergonomically designed handle is easy to grip and operate, plus it looks great too.

LETTERPLATE

This stylish letterplate is sure to complement the most modern door styles, and its anti-snap flap opens to 180 degrees to give clear access for A4 mailings.

AVAILABLE COLOURS

Chrome

Gold

Graphite

KNOCKER

Simple yet stunning, the Architectural knocker adds the perfect finishing touch to your new door.

DOOR HARDWARE

THE URBAN RANGE

The most modern door designs require the most stylish hardware, and the Urban Range of pull handles is just that. With 3 different sizes to choose from, these stainless steel pull handles are easy to grip and offer a lifetime coating guarantee, following extensive testing, including salt spray and sunlight testing.

STAINLESS STEEL PULL HANDLES

400mm Pull Handle

900mm Pull Handle

1800mm Pull Handle

Stainless steel pull handles can add the perfect finishing touch to your modern Endurance Door.

Available in 3 different sizes and supplied with a matching internal pull knob and escutcheon, they are a great choice for style-conscious homeowners.

There's also an offset pull handle available – please contact your installer for more details.

COMPLEMENTING HARDWARE

Whilst we do not offer a fully suited range of Urban hardware, we recommend choosing a Graphite letterplate and knocker from our Architectural range to complement your pull bar. You can see these on page 9.

YALE CONEXIS L1

The Yale Conexis L1 is the secure, keyless smart door lock, allowing you to secure your home without the need for a key.

The Conexis is supplied with a key card, key tag and 1 digital key. Additional key cards and tags are available to purchase directly from Endurance Doors.

METHODS OF ENTRY

Smartphone entry

Smartphone tag (sold separately)
